

Aerospace Resources Restraint Bar Assembly Number FA00 004

Restraint Bar FA00 004 can be used at operator discretion with Cargo Deck Kits K01, K02 and K03 to keep freight from shifting under the cargo net assembly. The bar can be used in four different positions on the K01 and K02 kits and in two positions on the K03 kit. The bar can be easily stowed on the wall side of the K01 or K01 kits. Restraint Bar FA00 004 weighs about one pound.
